## Ringo Starr

It's a new decade and a new band -- Ringo Starr has assembled his 11th line up including: Edgar Winter on sax and keyboards, Gary Wright on keyboards and Gregg Bissonette on drums; and All Starr newcomers are Rick Derringer on Guitar, Richard Page on Bass (Mr. Mister) and Wally Palmer on Guitar and Harmonica (Romantics).

Ultimately what's most impressive about Ringo Starr isn't what he's been, but rather who he is," wrote Rolling Stone rock critic David Wild. "The man's great heart and soul, his wit and wisdom." Ironically, the story of Ringo's evolution from former Beatle to successful solo artist is still best told from the beginning.

Ringo Starr's music, as a solo artist and as a Beatle, is permeated with his personality. His warmth and humor, and his exceptional musicianship have given us songs we all know and love, including "With A Little Help From My Friends," "Don't Pass Me By," "Octopus' Garden," "Photograph," "It Don't Come Easy," "Back Off Boogaloo," "You're Sixteen (You're Beautiful And You're mine)," "Don't Go Where the Road Don't Go," "The No No Song," and "Never Without You."

Since beginning his career with The Beatles in the 1960s, Ringo Starr has been one of the world's brightest musical luminaries. He has enjoyed a successful and dynamic solo career as a singer, songwriter and drummer, an active musical collaborator, and as an actor. Drawing inspiration from classic blues, soul, country, honky-tonk and rock 'n' roll, Ringo continues to play an important role in modern music with his solo recording and touring.
