## **Sugarland**

**With Luke Bryan and Danny Gokey**

Jennifer Nettles and Kristian Bush make up country duo Sugarland who've sold over 8 million records since exploding onto the music scene in '04 with *Twice The Speed Of Life* ("Baby Girl"/"Something More"). *Enjoy the Ride* ("Want To"/"Settlin'"/"Stay") quickly followed in '06 and their third studio album *Love On The Inside* ("It Happens"/"Love"/"All I Want To Do"/"Already Gone") in July '08, which skyrocketed them to superstardom, drawing fans from all genres and critics abroad. Sugarland is credited with co-writing all tracks from all three albums and co-producing the last two. As a thank you to their loyal fans, in Aug. '09 the duo released *Live On The Inside*, a CD/DVD set of live tracks, covers and footage from their tour. They've performed in six European countries and headlined a U.S. tour throughout '09. They've received trophies from the Grammys, American Music Awards, Academy of Country Music, CMT Music Awards and the Country Music Association. Nettles was recently chosen to perform for the Obama Presidential celebration, as well as the duo for Oprah. In August, ABC aired an hour-long network special featuring the duo in their most beloved setting...on stage. Their latest album *Gold And Green*, a 10-track holiday collection consisting of half standards and half originals, all of which Nettles and Bush co-wrote and co-produced was a Christmas sensation. Most recently, the duo received a nomination for "Best Country Performance By A Duo Or Group With Vocals" for #1 smash hit "It Happens" at the 2010 Grammy Awards.

**Sugarland has debuted a new single 'Wide Open' for the Team USA Soundtrack.**
